

WHOSE SAY-SO IS BEST?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone and exclusively as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, form a single and therefore striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their owners' and makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines. Amongst these writers we find such medical lights as Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago; Prof. Hale, of the same city; Prof. Jno. M. Scudder, M. D., late of Cincinnati; Prof. Jno. King, M. D., late of Cincinnati, Ohio; Dr. Grover Coe, of New York; Dr. Bartholow and scores of others equally eminent.

The writings of these have been for the various medical journals and for publication in standard medical books for professional reading and instruction, and hence are the more valuable as they relate to Dr. Pierce's medicines, since the writers did not know that they were endorsing and recommending articles that enter into the composition of these medicines and had in personal interest whatever therein. Hence, their great value as endorsements.

A brief synopsis of a small part only, of these extensive writings, which apply to the several ingredients entering into Dr. Pierce's Golden Medical Discovery—the world-famed remedy for weak stomach, or dyspepsia, torpid or congested liver, biliousness, ulceration of stomach and bowels and kindred ailments—has been compiled for publication in book form. These extracts also treat of the several ingredients entering into the composition of Dr. Pierce's Favorite Prescription for female weakness, "run-down," debilitated, nervous women, who find in it a priceless boon.

Send your name and address by postal card or letter, with request for this little book to Dr. R. V. Pierce, Buffalo, N. Y., and it will be mailed free to your address. From it you will learn why "Golden Medical Discovery" cures catarrh of the nasal passages, even though of years' standing. It is a most potent constitutional remedy for this terribly common and generally unsuccessfully treated malady. The cure will be facilitated if Dr. Sage's Catarrh Remedy be employed to cleanse out the nasal passages at the same time that the "Discovery" is employed for the constitutional treatment.

The "Discovery" is equally efficient in the cure of catarrh of the stomach and bowels, and in cases of ulceration of these organs. Read what Doctors King, Scudder, Grover Coe, and others say of the curative properties of Golden Seal root and of Stone root in cases of the above diseases. Both these roots are important ingredients of "Golden Medical Discovery." From the writings of these same authors you will learn why the "Golden Medical Discovery" cures chronic, or lingering ailments of the throat and bronchia attended with hoarseness, cough, soreness and kindred symptoms. Several of the ingredients in the "Golden Medical Discovery" are highly recommended for their specific, curative effects in laryngitis, or "speakers' sore throat," as well as in incipient consumption and obstinate, lingering coughs, which, if neglected or badly treated, are apt to end in consumption.

From the same little book you may learn why Dr. Pierce's Favorite Prescription

cures the worst cases of female weakness, prolapsus, anti-venereal and retro-venereal and corrects irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh, and why inflammation of the ovaries and a multitude of other diseases peculiar to women, readily yield to its marvelous curative potency. Bear in mind, it is not a patent nor even a secret medicine, but the "Favorite Prescription" of a regularly educated physician, of large experience in the cure of woman's peculiar ailments, who frankly and cheerfully takes his patients into his full confidence by telling them just what his "Prescription" is composed of. Of no other medicine put up for woman's special maladies and sold through druggists, can it be said that the maker is not afraid to deal thus frankly, openly and honorably, by letting every patient using the same know exactly what she is taking.

That every ingredient entering into Dr. Pierce's Favorite Prescription has the endorsement of the leading medical writers of the age amply attests its harmless character as well as its sterling curative value. Send your address for the little book and read what some of the most eminent medical men of this century say of the curative properties contained in the several ingredients which go to make up Dr. Pierce's leading medicines. No other medicines are backed up by such marvelous, disinterested, professional endorsements. This one fact is worth more and should have more weight in determining whether these non-secret medicines, or some secret compounds without professional endorsement and with only the makers' praise to recommend them, are best and most likely to effect important cures.

In favor of Dr. Pierce's medicines is the frank, confiding, open statement of their full composition, giving every ingredient in plain English, without fear of successful criticism and with confidence that the candid sense of the afflicted will lead them to appreciate this honorable manner of confiding to them what they are taking into their stomachs when making use of these medicines.

Dr. Pierce's medicines are made from harmless but efficient medicinal roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities. The little free book mentioned in the preceding column will tell you all about the properties and uses of these most valuable medicinal roots. Send for it now.

Your druggist sells the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "Golden Medical Discovery." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

It is as easy to be well as ill—and much more comfortable. Constipation is one of many forms of illness. Doctor Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

Dr. Pierce's 1000-page illustrated book, "The Common Sense Medical Adviser," is sent free in paper covers on receipt of 21 one-cent stamps to pay the cost of mailing only. For 31 stamps the cloth-bound volume will be sent. It was formerly sold for \$1.50 per copy. Address Dr. R. V. Pierce, Buffalo, N. Y.

SUCCUMBS AT LAST
TO COMPLICATIONS

Mendall W. Johnson, the City
Weigher, Dies at Home.

Prominent Politician and Lodge Man
and Highly Respected Citizen
Is Mourned.

FUNERAL IS THIS AFTERNOON

Mr. Mendall W. Johnson, politician and prominent lodge man, and one of the most highly respected citizens of Paducah, died last evening between 6 and 7 o'clock. He had been in failing health more than a year, and had just returned from Dawson Springs, where he had gone to better his health. Although he had been bed-ridden a comparatively short time, his condition was considered hopeless from his return from Dawson. Yesterday he suffered a relapse and within a few hours passed away. He died of dropsy and complications.

Captain Mendall Johnson was 50 years old and born in St. Louis. He was brought to Paducah when an infant by his parents, and received his education in the Paducah schools.

He engaged in the steamboat business in his early manhood and later went into the foundry business with his father, the late Capt. Joe Johnson, at one time mayor of the city.

The deceased suffered reverses after the burning of the foundry several years ago, and while he had taken a lively interest in politics, had never run for office save for places on municipal boards. He served as a councilman several times and after the fire ran for the office of city weigher. He won and held that position at the time of death.

The deceased also ran for city treasurer against Col. John J. Doran at the last election when a municipal ticket was elected and was defeated by less than one hundred votes. He refused to contest. He was trustee of the jury fund, McCracken circuit court, at time of death.

The deceased was a member of the Elks lodge and stood prominent in the order for several years, at one time serving as exalted ruler. As a man, he was generally liked, making friends of all his acquaintances, and his death will be received with much regret and sorrow.

Mr. Johnson married Miss Leah White of Paducah, and is survived by his wife and five children, Misses Virginia, Leah, Fannie and Ruth, and Master Mendall Johnson, Jr.

He leaves two brothers and one sister. They are Messrs. Charles Johnson, city; J. Y. Johnson, St. Louis; Mrs. Chloe Wilson, St. Louis. Several nieces and nephews survive him.

The funeral services will be conducted this afternoon at 4 o'clock under the auspices of the Elks lodge from the residence, interim at Oak Grove.

This is the second death to occur in the family within two weeks. Mr. Johnson's mother dying of apoplexy two weeks ago in St. Louis. The son was at the time precariously ill, but stood the shock of the news well.

BAD FAITH.

Charges Senator Tillman Against the President.

Senator Tillman yesterday made in the senate another statement in regard to President Roosevelt's change of attitude on the railroad rate bill. In closing his statement Senator Tillman said: "The charge I made and still make, is that the president is guilty of bad faith, and that the rate bill, which will be, when enacted into a law, a much better and stronger measure than we had hoped to get, has been emasculated of one of its most valuable and essential features by the president's action. I am ready to leave the whole question to the thoughtful and honorable men of the country."

PADUCAH BOY WILL
BE TICKET AGENT

Arthur C. Patterson in Charge
of Down Town Office.

Supt. Hills of N., C. & St. L. Railroad
Says Mahogany Furniture Has
Been Ordered.

CORPS OF CLERKS IS COMING

The agent for the down town Nashville, Chattanooga and St. Louis ticket office today was announced by Mr. W. J. Hills, superintendent of the road, and as soon as the furniture arrives the office will be fitted out and opened for business.

Mr. Arthur C. Patterson, a Paducah boy, has been selected to take charge of the office as assistant or down town agent. He formerly was with the Illinois Central, but later went to work for the Nashville, Chattanooga and St. Louis, and is now in Atlanta, Ga., working for the latter road.

He will have a corps of clerks under him and Mr. E. S. Burnham, the general local agent, will divide his time between the depot and down town office.

Mahogany furniture of the finest kind has been ordered for the office. The walls will be covered with burr-pine and when completed the road will have one of the finest offices in the city.

The office is to be located in the Campbell building on Broadway near Fifth street.

IMPROVEMENTS

Will Be Made in I. C. Hospital Early
This Summer.

The committee appointed by the hospital association of the Illinois Central road, has decided to make improvements which have been under consideration for several seasons. The contagious ward will be located under the hospital in the basement and the kitchen department will be enlarged and other improvements made to facilitate work in this department. The heating furnaces will be re-arranged and other minor improvements made, entailing an expense of about \$4,000.

POOR HOUSE PLANS

Will Be Prepared by Architect Lassiter Without Delay.

Architect A. L. Lassiter has been instructed to go ahead with plans for the county poor farm on the lines originally submitted. He has plans outlined, providing for a double "L" building. The work of drafting plans will require several weeks.

Plant Will Start.

The Paducah Furniture company plant on South Third street will be put in operation again in a few days after a two weeks' shut down for repairs. Improvements have been made, the capacity of the plant somewhat enlarged.
